"Harvest"

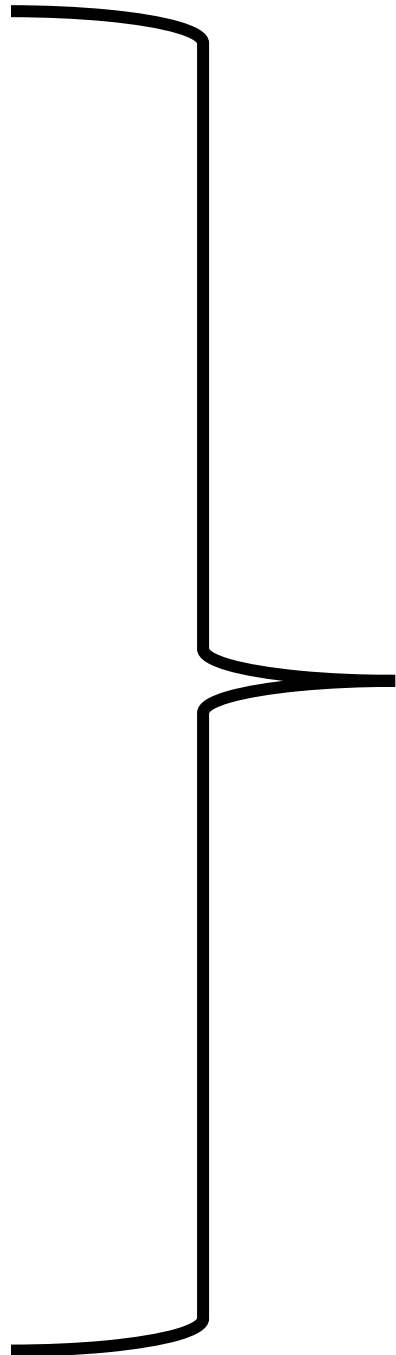

Hi, it looks like you're trying to write a passive aggressive letter to your neighbour. Can I help?

Yes

OK

```
#include<iostream>
int main()
{
    int array[5];
    cout<<"Enter 5 numbers randomly : "<<endl;
    for(int i=0; i<5; i++)
    {
        cin>>array[i];
    }
    cout<<endl;
    cout<<"Input array is: "<<endl;
    for(int j=0; j<5; j++)
    {
        cout<<"\t\t\tValue at "<<j<<" Index: "<<array[j]<<endl;
    }
    cout<<endl;
    int temp;
    for(int i=0; i<4; i++)
    {
        for(int j=i+1; j<5; j++)
        {
            if(array[j]>array[i])
            {
                temp=array[i];
                array[i]=array[j];
                array[j]=temp;
            }
        }
    }
}
```

what's wrong, babe?

i've been working here for 8 whole months! and I'm not the CMO yet!

so unfair!

Use the right incentives, get the right results
